

Boost Your Town

If you will live in a town, then boost it.
Do not sit around in idleness and read it;
Beside the good your boost may do,
It will help your own soul, too.
And you'll have so much more fun if you toast it.

If town or county needs your purse, then lend it,
Though it be the "widow's mite," give or send it;
If you neither boost nor give,
Your neighbors will wish you did not live,
If you do not love your fellow man, then pretend it.

Then you realize the utter weakness that robs ambition, destroys appetite, and makes work a burden.

To restore that strength and stamina that is so essential, nothing has ever equaled or compared with Scott's Emulsion, because its strength-sustaining nourishment invigorates the blood to distribute energy throughout the body while its tonic value sharpens the appetite and restores health in a natural, permanent way.

If you are run down, tired, nervous, overworked or lack strength, get Scott's Emulsion to-day. It is free from alcohol.

WAYSIDE NOTES

The gipsy entertainment, given by the "Wayside" ladies, was a great success, clearing nineteen dollars, which was nearly enough to pay all debts. We greatly appreciate the cheerful assistance given by all the gipsies as well as by those who furnished the fees and cakes.

The Parent Teachers' meeting on Wednesday was well attended. As it was the beginning of the new school year, the teachers of the schools were all present and a large amount of business was finished. The ladies of T. P. I. are entering into the work with enthusiasm.

Though we have not asked for help in supporting the "Wayside" from out of town friends, we were much encouraged when a friend from Salem suggested that the country people who used the Rest Room contribute to its support. The suggestion proves that the work appreciated by our friends everywhere.

Route No. 2 is the banner route on our visitors book this week, eleven having registered.

Sparta, Bloomington Springs, Gentry and Buffalo Valley were well represented on the register this week.

One hundred and fifteen visitors have registered during the week and there have been more than that number who have stopped in for a time. The water cooler is a great attraction.

The next meeting of the Aid will be with Mrs. Hugh Hargis Monday Sept. 11, 1916.

LOCAL STUDENTS FOR POLYTECHNIC REGISTER TUESDAY AND WEDNESDAY

All local students residing in Cookeville and the immediate vicinity who expect to attend the fall term of Tennessee Polytechnic Institute are requested to come out Tuesday or Wednesday for matriculation and arranging of their courses. This will relieve somewhat the congestion that would otherwise result when students begin to come in the last of next week. This will not only benefit the instructors and Bursar, but the students as well, since more time can be devoted to the needs of each student. The offices will be open for the reception of local students on Tuesday morning at eight o'clock.
